Reinvesting & exiting

Reinvesting - building your investment portfolio

Our automatic reinvestment option continues to prove popular as an increasing number of investors elect to use this feature. Regular investing makes it easier to achieve your investment goals with less time and effort.

Simply set up a regular automatic investment on either a fortnightly or monthly basis and we will take care of the rest. Investors have the flexibility to cancel or put on hold the regular investment plan at any time or amend the amount.

Click on the "Reinvestment Calendar" button below to view the dates of the regular investment plan. You can also make one off investments at any time.

Share buy-back & facilitated trading

The first share buy-back on 8 February 2024, saw all shareholders requests met and over NZD \$1 million of capital returned. A second share buy-back was completed on 7 March 2025 where all shareholder requests were also met.

The intent is to make an offer on a periodic basis to all shareholders, to buyback their Class A shares, this potentially provides liquidity windows for shareholders who have different investment horizons.

We can also potentially facilitate the sale of your shares by matching buyers and sellers if there are interested buyers. We have facilitated multiple trades between Shareholders with the matching process being undertaken during our regular allotment process.

Should you wish to sell your Shares, for any reason, please contact us to discuss the various options available to you. Call us on freephone 0800 378 489 (EQUITY) or email info@crossgatecapital.co.nz

What our investors say: "I started investing in Bitcoin and Cryptocurrency two years ago and I am glad to say that my investment journey with them has been a game changer. As you know Cryptos or digital assets are a new thing and sometimes look complicated to make a choice on which assets/coins to invest in but investing with Crossgate Capital made all the difference. Since engaging them my capital has grown which has been exciting. Thank you to the hard working Crossgate Capital team." Howard - Ashburton
